A Bi-Annual News Letter

June 2026 | Issue 2

Dr. K. Chitra
Principal

Greetings!

It gives me great pleasure to share the significant activities, achievements and milestones of the institution accomplished during the first half of the year.

The past six months have been marked by meaningful academic engagement, institutional growth, student participation and purposeful initiatives. Our academic, co-curricular, research, extension and industry-connect activities reflect the collective commitment of the institution towards quality education and holistic development.

As Aristotle rightly said, "Excellence is never an accident." The accomplishments presented in this newsletter stand as a testimony to the dedicated efforts of our faculty members, the enthusiasm of our students and the continued support of our stakeholders. Their contribution strengthens the institution's journey towards academic distinction and social relevance.

The higher education landscape is undergoing rapid transformation through the implementation of the National Education Policy, integration of Artificial Intelligence, emphasis on equity and inclusion, reforms in quality assurance, and renewed focus on research, innovation and employability. In tune with these developments, SRCW continues to strengthen academic excellence, interdisciplinary learning, industry collaboration, innovation and community engagement.

As we move forward, we remain committed to nurture confident learners, responsible citizens and future-ready professionals. May the coming months bring greater opportunities, meaningful achievements and brighter milestones for the institution.

Thank you!

ACCOLADES

Alumni Impression

As an alumna, I consider Sri Ramakrishna College of Arts and Science for Women an excellent institution that nurtures academic excellence and personal growth. With dedicated faculty, quality education, skill development, and strong placement support, the college empowers students with confidence, competence, and career readiness.

Krishnapriya, B.Com,
2016-2019

Banking Operations Senior Analyst,
Accenture, Chennai.

My experience at Sri Ramakrishna College of Arts and Science for Women was enriching and transformative. The college's disciplined learning environment, dedicated faculty, and strong academic foundation fostered both my academic and personal growth. The opportunities for skill development, leadership, and extracurricular activities helped shape my confidence and professionalism. I am grateful for the guidance, values, and experiences that continue to influence my personal and professional journey.

Dr. Bimi, BSC Microbiology,
2001-2003
Controller of Patent and Design,
Intellectual Property Office,
Delhi.
