A Bi-Annual News Letter

January 2025 | Issue 1

Greetings!

As we step into 2025, I am delighted to reflect on the significant achievements of our college in 2024. This past year has been a testament to our collective commitment to excellence and progress in academics, infrastructure, and student development.

Our institution's recognition among the top 100 colleges in India, by the magazines India Today, and The Week and NIRF (ranking band of 150-200) is a proud milestone. These accolades are the result of relentless efforts by our faculty, students, and stakeholders.

We have signed MoUs with international universities, enabling students to explore opportunities abroad, and with reputed institutions in India to foster academic collaboration. MoUs and collaborations with Industries has enriched our curriculum, increased the internship/placement opportunities among many other benefits. Additionally, the ₹76-lakh DST-FIST grant will enable us to upgrade our Science and Computer Science laboratories, ensuring state-of-the-art facilities for research and learning.

As an autonomous college, we continue to deliver Competency-Focused Outcome-Based Education (OBE) to enhance employability while fostering an enriching and holistic learning environment.

As we look ahead to 2025, our focus will be on Introducing innovative academic programs, Promoting research and innovation, Strengthening community engagement, Advancing sustainability initiatives, Enhancing alumni and industry connect etc. With these priorities, we aim to achieve greater heights of academic excellence and societal impact.

Wishing you a happy and prosperous New Year! Let us together strive for continued success.

With warm regards,

Dr. K. Chitra

Alumni Impression

College was a whirlwind of intellectual growth and personal discovery. The rigorous academics challenged me to think critically and pushed my boundaries. The diverse community exposed me to new perspectives and fostered lifelong friendships. While the pressure was immense, it instilled valuable life skills – time management, resilience, and the ability to thrive under stress.

Though nostalgic, I recognize college as a stepping stone, a foundation upon which I continue to build my life and career. The lessons I learnt on campus – the importance of critical thinking, the value of lifelong learning and the power of perseverance, have served me well. They have equipped me to navigate the challenges of the professional world and to find my place in the larger society.

Vellachi V, B.A English Literature 2019-2022
Language Trainer
Universal Public School, Pune

Looking back, I realize that college was a period of intense personal and intellectual growth. The lessons I learnt to on campus have continued to shape my life in profound ways. I deeply extend my note of gratitude to my staff members, they ignited a passion for learning, instilled in me a love for critical thinking, and encouraged me to question everything. Sri Ramakrishna College of Arts and Science for Women has provided me with the opportunity to explore my interests, discover my passions, and ultimately find a career that is both fulfilling and meaningful.
